

# Grain storage workshop

Please join us for a grain storage morning including controlling pests in storage, aeration, fumigation, choosing silos and equipment, economics of on-farm storages and your questions...

**WHEN:** Thursday, 23rd October 2014  
**TIME:** 9:00am to 12.30pm (lunch provided)  
**WHERE:** L & S Vary – Brookstead, QLD  
**COST:** Free – costs covered by GRDC funding  
**PRESENTERS:** Philip Burrill, DAFF Warwick QLD

This workshop is an initiative of the GRDC Growers Solutions project to improve grain production.

#### Topics & demos:

- Philp Brodie Grain – Grain markets update
- Pests in storage – checking methods & ID
- Hygiene – key sites, best treatments methods
- Aeration – good equipment, when to run fans
- Chemicals – new products, what grain to treat
- Fumigation – achieving good results
- Storage types – silos, silo bags, pads, sheds
- Economics – quick guide: does it pay to add more storage

**RSVP Essential:** by Monday 20th October to Philp Brodie Grain  
Phone: 07 4690 6400 or Email: [traders@pbgrain.com.au](mailto:traders@pbgrain.com.au)
